How does it work?

**Language Club** comprises of lessons 2 days per week, and each lesson is 90 minutes.

### 1. Before class

The teacher will set up a pre-class assignment for students to discuss on Teams - reading a book or article, watching a video, etc. The teacher monitors conversation and progress is recorded online. Students are able to come to class prepared to fully participate and get their best from the lesson.

### 2. Teacher-led lesson (45mins)

Small groups of up to 10 students from around the world collaborate via video call with their teacher. They outline objectives and goals, discuss the questions and task(s) from the pre-class assignment, review any questions and set up the post-class collaborative activity as well as the pre-class assignment for the next day. Students should be prepared for a much more intensive class than a normal face-to-face session!

### 3. Collaborative lesson (45mins)

Students are asked to work on a writing or speaking collaborative activity, which they upload on Teams. This activity allows students to process and consolidate the learning from their teacher-led session. They discuss virtually with their group and the teacher monitors the chat.

### 4. Homework

The teacher will recommend exercises from the students workbooks that will solidify the language points covered in the lessons.
